Ideas for Fabulous Girl Getaways

Fulfill Your Dreams

Think about what you and your friends have always wanted to do, maybe learn to sail, surf or belly dance? Maybe you have always wanted to take a cooking class, salsa lessons or ride in a hot air balloon. Fulfilling a dream with your girlfriends can be an amazing experience!

Plan a Girls Getaway or Girls Night Out

Give the special girls in your life something to look forward to, like a fabulous girl's getaway. Plan a shopping vacation, wonderful cruise or a local weekend retreat. For busy women who cannot getaway overnight, plan an all no-men-allowed dinner date, attend a wine tasting, check out the latest chick flick or book a yoga class for you and your friends.

Get Pampered or Plan Makeovers

Every woman enjoys time at the spa. Plan the ultimate in spa indulgence with a day of massages, facials, manicures and pedicures. A makeover party is also a great treat for busy women who are ready for a new look. Make appointments to consult with a beauty expert, buy new make-up and get great beauty tips you and the girls can incorporate into your new looks.

Plan an Adventure

Nothing's better than braving a daring getaway with your gal pals. Go skydiving, bungee jumping or travel to a foreign country (sometimes that's an adventure itself). After your excursion, you and the girls will feel a huge sense of accomplishment.

Help Others

Spend time with the girls in the meaningful way by volunteering with a local community service organization. Visit an assisted living facility, hospital or orphanage. Feed the homeless or help with literacy programs. There are always organizations in need of volunteers. Take this opportunity to bond with the girls while helping others. You will feel very good about yourself.
